Specification

- Cam latch / lock housing
Zinc die-cast
- Housing collar
- Chrome plated finish —
- Powder coated ● **SW**
Black, RAL 9005, textured finish
- Wing knob
Zinc die-cast
Powder coated
Black, RAL 9005, textured finish
- Key
Nickel silver with plastic hand piece
- Latch arm / assembly hardware
Steel
Zinc plated, blue passivated finish
- Protection class IP 65
Type DK, VK, SCH, SK
- IP Protection Classes → page 2130
- RoHS compliant

Accessory

- Socket keys GN 119.2 → page 1310
- Protective caps GN 120 → www.jwwinco.com

On request

- Lock keyed differently

Information

Cam latches / cam locks GN 115.1 have smaller dimensions than standard latches GN 115, making them ideal for applications with limited space or requiring an unobtrusive appearance.

They close via a turning operation limited to 90°, which moves the latch arm behind the door frame. The beveled edges of the latch arm create a smooth latching of the door. Cam latches / cam locks with different crank shapes cover a latch arm distance A of 7.5 / 13.5 and 19.5 mm.

For type SCK and SC, two keys are supplied with each cam lock. The key may be inserted or withdrawn in both the locked and unlocked positions. Cam lock types are keyed alike and can be operated with the identical key.

Cam latches / cam locks GN 115.1 come supplied with a loosely enclosed latch arm (except for type SC).
