

# GN 425.3

Steel / Stainless Steel

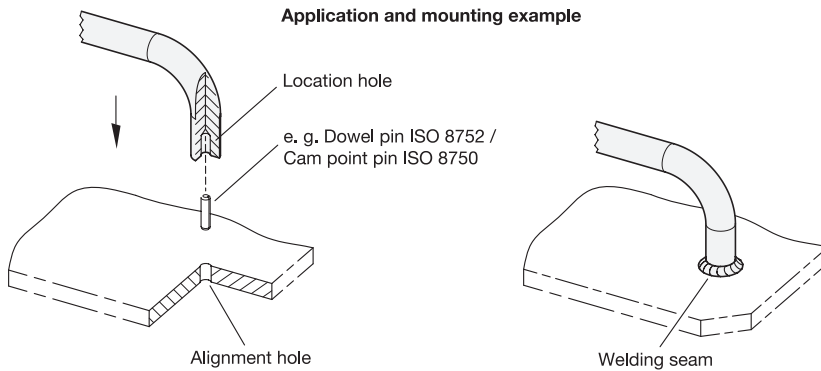

# Cabinet "U" Handles

Round, with Alignment Holes, Weldable

SS Stainless Steel

### Application and mounting example

## Universal table

Dimensions in: millimeters - inches

d <sub>1</sub>	Length l ±0.5			d <sub>2</sub> H12	h	r	t
8 0.31	64 2.52	88 3.46	100 3.94	3 0.12	35 1.38	10 0.39	5 0.20
10 0.39	100 3.94	125 4.92	160 6.30	3 0.12	43 1.69	12 0.47	5 0.20
12 0.47	125 4.92	160 6.30	200 7.87	4 0.16	51 2.01	14 0.55	6 0.24
16 0.63	125 4.92	160 6.30	200 7.87	4 0.16	59 2.32	18 0.71	6 0.24
20 0.79	200 7.87	250 9.84	-	5 0.20	68 2.68	22 0.87	8 0.31

### Specification

- Steel  
Matte shot-blasted finish **ST**
- Stainless steel AISI 304  
Matte shot-blasted finish **NI**
- *ISO Fundamental Tolerances* → page 2129
- *Stainless Steel Characteristics* → page 2143
- **RoHS compliant**

### On request

- For certain minimum quantities, other lengths according to customer requirements

### Information

GN 425.3 cabinet "U" handles have no thread and are designed for applications that require the handle to be welded or for applications that require special threads, holes, etc. for mounting.

If required, the holes d<sub>2</sub> serve for inserting dowel pins or location pins that position the cabinet "U" handle in place via the alignment holes in the opposing part and thus easily fix the handle during the welding process.

The manufacturing process (bending) allows the production of special lengths in relatively small quantities.
