Specification

- Body
Zinc die-cast **ZD**
Powder coated
Black, RAL 9005, textured finish **● SW**
Silver, RAL 9006, textured finish **● SR**
- Indexing elements / cover cap
Plastic
Technopolymer (Polyacetal POM)
Temperature resistant up to 176 °F (80 °C)
- Pin
Stainless steel AISI 303
- Compression spring
Spring steel

- [Plastic Characteristics](#) → page 2135
- [RoHS compliant](#)

Information

- GN 437.4 hinges hold door and covers in the given indexing position without additional mechanics. This is particularly advantageous when machines and systems must frequently be opened and closed for loading and unloading, and it is also useful for servicing or repairs. Undesirable independent closing and opening is prevented.
- The -3° of the type C2 moreover ensures that the door or cover presses slightly against the housing frame when closed.
